

SI-CARD TRACKING DEVICE USER MANUAL 2024

ENG

On the race:

To register your tracking device, insert the SI-card(chip) inside SPORTident station.

The station gives sound/light signal when your chip is registered. Each sauna has 2 stations that are marked with signs IN or OUT with sauna number. There are also additional signs – **CHECK-IN and CHECK-OUT**. Before entering the sauna you have to register your chip in a station that is with sign **IN Saun** (example **IN Saun1**) (has also sign CHECK-IN), leaving the sauna register the chip in a station with sign **OUT Saun** (example **OUT Saun1**)(has also sign CHECK-OUT)

PS! Less time spent than 3 minutes in sauna brings 30min of time penalty

Finish:

1. To get your final result insert your chip in the station that carries the name "**FINISH**". The time has registered when the station gives the light/sound signal.
2. To finalize your result, insert your chip in to the station that carries the name "**TULEM/RESULT**". Station gives the light/sound signal when all the data has been taken and wait for printout of result.
